

At AGH Solicitors we have a dedicated and specialised team able to help you through the complex and sometimes confusing stages of buying a house.

Once you've found your dream home or investment property, the last thing anyone needs is to be faced with a long, drawn out and stressful buying process. This is why the conveyancing solicitors at AGH offer a comprehensive personal service to ensure your purchase is as smooth as possible and every step of the process is completely explained in plain English.

Buying a House with Confidence

We care about our clients and understand that people want a contactable conveyancing solicitor who can take responsibility for their case. We will see to it that there are no unwelcome surprises further down the line in your purchase by going through all aspects of your purchase with you including the explaining of all mortgage documents and any legal complexities associated with buying your home.

Good communication is something our conveyancing solicitors pride themselves on and is just part of the reason we have established strong working relationships with repeat clients.

Buying a House with our Fixed Fee service

Our conveyancing solicitors offer their services on a fixed fee basis. Our fixed price conveyancing fees are just that; fixed - which means you only pay the quoted amount for our comprehensive service.

Our conveyancing solicitors ensure you are aware of any and all fees involved with the purchase of a property and handle everything with your best interests at heart. We can ensure stamp duty forms are filled out correctly and payments are made accurately.

We will ensure that your transaction is kept on schedule, even if it means contacting members of a property chain to keep things moving swiftly and as we always take an entirely proactive approach to every conveyancing project.

If you have found your dream home or investment property, get in touch with the expert conveyancing solicitors at AGH today and let us help make sure your transaction is as smooth as possible.
